The scholarship is available for a student to continue their education. It does not matter if it is a College, University, Community College, Tech School, these are for any student that is going on to continue their education, any school that allows a student to help them meet their goals in life. The student will have to prove that they have completed one semester of continuing education and have registered for the second semester or second term. At which time the monies will be sent to that school. Just because a shipmate student did not receive a scholarship the first time out, does not mean they should not apply the next year.
